Pick-up at Sacramento International Airport (SMF)

The **Sacramento International Airport (SMF)** is located about 130 km (80 miles) from the Hai-Khong center, and one-way drive from SMF to the center takes in average 2 hours due to a portion of unpaved road leading to the center.

Important: Please try to arrive in groups. Please select flights arriving into SMF during the period from 10am to 3pm (later arrivals are not recommended due to the difficulty of driving off-road in the dark to the center). For departure flights, please select flights departing around noon time or later, as it means that you need to leave the Hai-Khong center around 7 to 8 am.
